

## **ATOZ announces the launch of ATOZ Services**

### ***ATOZ Services to offer tax compliance, accounting and corporate secretary solutions to Luxembourg companies***

ATOZ is proud to announce the launch of ATOZ Services, a new entity within the ATOZ Group. ATOZ Services combine the strengths of two former entities, the specialised tax compliance firm LTCO (The Luxembourg Tax Compliance Office) founded in 2011 and the corporate services provider AZ Integrated Solutions, founded in 2017 into one unified team of 60 experts under the brand ATOZ Services.

ATOZ Tax Advisers will continue to provide the same high-end tax advice to both international and local clients, while ATOZ Services will offer centrally managed tax compliance, accounting and corporate secretary services to clients with Luxembourg-based operations. These services include domiciliation, assistance in the incorporation of companies, provision of directors' mandates, corporate secretary, accounting and financial reporting as well as direct and indirect tax compliance.

Atoz Services is managed by Jean-Michel Chamonard, ATOZ Tax Partner and Managing Partner of Atoz Services, along with Atman Haloui and Chafai Baihat, Partners in Atoz Services.

Jean-Michel commented: "The expertise that we have gained in 15 years on the market in setting up and implementing international tax and corporate structures has allowed us a unique perspective into corporate services. We have deep understanding of our clients' needs and expectations at all stages of the business lifecycle. Our goal in creating ATOZ Services is to provide high value-added solutions which allow clients to focus on their core activities, without losing time and money coordinating and communicating between an army of different service providers and advisers. Our clients have repeatedly told us that this is an issue for them."

Chafai added: "Our team of experienced professionals in tax compliance, corporate services and accounting will work side-by-side with experts from ATOZ Tax Advisers to complete the value chain. We are delighted to be able to offer this unique integrated solution."

Atman concluded: "Our clients trust us to accompany them and advise them on their Luxembourg operations. Through ATOZ Services, we can continue this relationship and support our clients efficiently in their day-to-day business."

Chafai joined the Partnership on 1 January 2019, following a decade of international experience in the field of corporate and management services, having worked in Paris, Dublin and Luxembourg. Chafai has extensive experience in the management of complex cross-border corporate structures. "*I feel honoured to be stepping into the position of Partner and I am excited to be a part of our future success*" said Chafai Baihat about his appointment.
